File Name: Jungle Gym

The monumental work you see herein under is an architecture of the school Principal Mr. Adon Gasela Mphunga.

Mr. Mphunga communicated his envisioned project to the support staff, the General Foreman, Mr. Martin Van Wyk and the General Assistant Mr. Manyiniki Moorosi.

The foundation was started in 2021 and the project continued through to 2022. An additional benefit of more heads was acquired upon the Presidential Employment Initiative Project. The school received a substantial number of Teacher Assistants (TA's) as well as General School Assistants (GSA's) from this project. The brilliance of two of the GSA's, Zukile Mtsila and Lazola Methuse added more value onto the master minds of Principal and his Support Staff.

On 25 May 2022 the Jungle Gym was officially opened in a ceremony that consisted staff with an invitation extended to the School Governing Body. The two Support Staff and the two GSA's were awarded certificates by the Principal for their brilliant contribution in this big project. The Principal dedicated this architecture to the entire staff. In his words, he said, "We completed this work because of the team work of our staff. Other teams were performing the tasks deserted by this team that was held up in the construction of this monumental structure".

The date of 27 May 2022 was the day of Grade R parents and of course together with the rightful beneficiaries, Grade R learners. This work was indeed proudly celebrated by all staff, parents and learners.
